

DESCRIPTION AMENDMENTS

Rewrite the paragraph beginning on page 1, line 4, to read as follows:

Q1 The present invention relates to an arrangement according to the preamble of claim 1 for measuring material flow, particularly concentrate flow, in connection with a flotation cell.

Rewrite the paragraph beginning at page 3, line 13, to read as follows:

Q2 In figure 1, there is illustrated only part of an arrangement connected to the removal of froth from a flotation cell. It is assumed that a flotation cell represents technology known as such for a man skilled in the art, wherefore it is not explained in more detail in the present specification. A known flotation cell is described in the patent publication CA 1,218,772 Canadian Patent 1,218,772.
